Japanese Background Language for Year 11 & 12 students

ATAR Japanese Background Language for Years 11 & 12

Course commences Term 4, 2022

The Weekend Japanese School in Perth will be providing this support course for all current Year 10 students wishing to add Japanese Background Language as one of their 2023/24 ATAR options.

We started running this course in 2020, with the purpose being to help prepare students to take the Interstate Japanese Background Language ATAR Exam as non-school candidates. This is a two-year course, with a new group starting in Term 4 of each year. It covers all the topics of the Japanese Background Language syllabus, as well as focusing on improving students' reading, writing, listening and speaking skills.

In their second year, students are given individual online sessions and extra time on selective Sundays to help them prepare for their oral and written examinations.
